Presenting the Workshop:

YOUR LEGACY, Family, Church & Charity

thrivent[®]

Saturday, Jan. 29, 9:30 AM – 12 PM

For the people and organizations that you care about and want to help financially, this workshop will help you learn strategies around sustaining a church's foundation, supplementing an endowment fund, and leaving an inheritance. Thrivent was developed in partnership with the InFaith Community Foundation.

Giving is important to many of us. It's vital to the causes we care about. It's personal. And it's possible for all of us—with thoughtful preparation. In other words, whatever your financial situation, you can create a meaningful, charitable strategy that spreads generosity to the people and causes that mean the most to you.
